

160-164

Hurlingham Road

We proudly present our proposals for the development of an 87-bed care home at 160-164 Hurlingham Road, SW6 3NG.

The proposals

The development of a care home at 160-164 Hurlingham Road SW6 3NG, will revitalise a brownfield site that has been mostly vacant for several years. Given the accessibility of the site, development of it could visually improve the area, deliver a much needed care home and significant local benefits.

The proposals for Hurlingham Road respond to the great need for a care home locally and will

deliver specialist residential, nursing and dementia care with a market leading operator. The care home will be fit for the future with a modern design that also respects the character of the surrounding area.

The scheme will provide accommodation for 87 residents, across its four/five storeys, split into household communities that will have:

- » Eight care bedrooms with en-suite bathrooms
- » Resident household day lounge
- » Winter garden/balcony
- » Resident household dining and domestic kitchen
- » Assisted bathing facilities and assisted WCs

there will be active communal areas, including:

- » Garden lounge
- » Secure sensory garden
- » Sensory room
- » Cinema room
- » Multifunction activity area
- » Hairdresser
- » Treatment/consultation room

This type of specialist building caters for elderly people who are at the end of their life with very high, 24-hour, end-of-life care needs, have complex nursing needs, or are living with advanced Stage 6/7 dementia.

Consultation

We will hold two public consultation events where the proposals will be presented for feedback by attendees. The project team will be in attendance to discuss the proposals and answer questions. These will take place at:

All Saints Church Hall
70A Fulham High Street
SW6 3LG

On the following dates:

Thursday 13th October
2pm – 6pm

Wednesday 19th October
2pm – 7.30pm

As part of the consultation we will hold a public webinar for members of the public and local stakeholders. The project team will run through the proposals and answer questions. The webinar will take place on Zoom at **7pm on Thursday 13th October**.
